

National Strategy for Regaining Control over Orphan Sources and Improving Control over Vulnerable Sources

Specific Safety Guide

No. SSG-19

National Strategy for Regaining Control Over Orphan Sources and Improving Control Over Vulnerable Sources : Specific Safety Guide

International Atomic Energy Agency

This Safety Guide is intended to provide recommendations on the establishment of a national strategy for regaining control over orphan radioactive sources and improving control over vulnerable radioactive sources. It provides guidance on how to assess the national situation, and develop and implement a national strategy to achieve these goals.
