

# Nationalism (Classic Reprint)

G P Gooch

Excerpt from Nationalism The path is now clear for our advance. Nationalism denotes the resolve of a group of human beings to share their fortunes, and to exercise exclusive control over their own actions. Where such a conscious determination exists there should be a state, and there will be no abiding peace until there is a state. Where there is a soul there should be a body in which it may dwell. Here is the master-key to the political history of the nineteenth century. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books.
