Nationalism and Culture is a nonfiction book by German anarcho-syndicalist writer Rudolf Rocker. In this book, Rocker's best known work, he criticizes religion, statism, nationalism, and centralism from an anarchist perspective. The ideas expressed in the book, Rocker claimed, dated back to the time before World War I, when he was a leader in the Jewish anarchist labor movement in London. Over the years, many parts of Nationalism and Culture were published in various essays and lectures.
