

Nationalism and the Drive for Sovereignty in Tatarstan, 1988-92 : Origins and Development

Sergei Kondrashov

Provides a detailed analysis of the origins and rise of Tatar nationalism in one of the most economically developed republics of the Russian Federation. Explores the nature of Tatar grievances and examines why and how nationalism grew so strong in Tatarstan. A dominant theme is that the sudden rise of nationalism was precipitated by the collapse of the Soviet system, and that Tatar nationalism received powerful impetus from an alliance with the republican ruling elite. The author works in the Strategic Planning Department of the International Moscow Bank. Annotation c. Book News, Inc., Portland, OR (booknews.com)
