

Natural Resource Condition
Assessment for Little River
Canyon National Preserve, Alabama

National Park Service (NPS)

Natural Resource Condition Assessment for Little River Canyon National Preserve, Alabama

Created by National Park Service

The National Park Service (NPS) was formed on August 25, 1916, and is the U.S. federal agency that manages all national parks, many national monuments, and other conservation and historical properties with various title designations. The National Park Service publishes various reports and documents each year about environmental issues, park safety, and specific parks around the country. These publications include titles like: Vegetation of Shark Slough, Everglades National Park, Status of Woody Species in Big Cypress National Preserve, and The Nest Environment of the American Crocodile.
