

# Natural gas information 2013 : With 2012 Data

International Energy Agency

A detailed reference work on gas supply and demand covering not only the OECD countries, but also the rest of the world, this publication contains essential information on LNG and pipeline trade, gas reserves, storage capacity and prices. The main part of the book however, concentrates on OECD countries, showing a detailed supply and demand balance for each country and for the three OECD regions, as well as a breakdown of gas consumption by end user. Import and export data are reported by source and destination.
