Edward Blyth

Excerpt from The Natural History of the Cranes: A Monograph The story of this volume is soon told. On the arrival for the first time in this country of a pair of the beautiful white-naped cranes of Japan, they were drawn by Mr. T. W. Wood for The Field, when Mr. E. Blyth, availing himself of the opportunity, published in the columns of that paper a monograph of all the then known species of the Gruidae.
